Valrhona takes you

TO THE HEART OF CREATION

This year, Valrhona celebrates the art of meticulous craftsmanship.

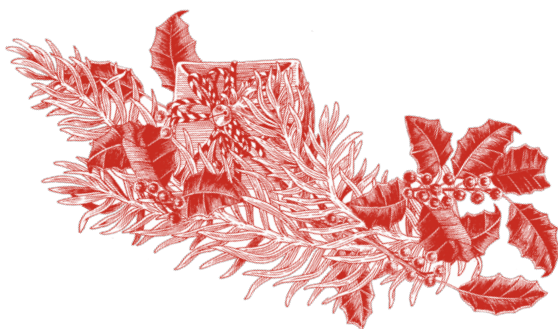

From the elegant illustrations by the creative duo Calicot Paris to the exquisite chocolate creations to be savored, Valrhona invites you on a timeless journey into the heart of French expertise.

The delicate textures of fir, the elegance of holly, and the natural beauty of the acorn are woven together with the Maison's most cherished symbols.

Cocoa pods, artisanal chocolates, and the Vivarais—an important place for Valrhona—evoke the spirit, refinement, and enduring legacy of the brand.

As part of its unwavering commitment to sustainability, Valrhona proudly supports 1% for the Planet, donating 1% of all sales from the "2025 Festive Collection" to environmental organizations dedicated to protecting the environment.

This festive collection is infused with the spirit of sharing, passion, and excellence. It is a testament to Valrhona's dedication to elevating chocolate into a true expression of craftsmanship, purpose, and joy.
